LIU, ET AL., V. DECKER, ET AL.

Case Number: 184253

Tentative Ruling on Motion to Continue Trial: Defendant, Trinity Highway Products, LLC seeks to continue the trial date of September 12, 2017 to September 11, 2018. Joinders have been filed by all other named Defendants. Plaintiffs have filed an opposition, which does not oppose the trial continuance, but contends that the request for a continuance for one year is too long. The Court finds good cause pursuant to CRC 3.1332(c) to continue the trial date. The Court will set this matter for review in approximately six months to evaluate the progress of the discovery and to re-evaluate a viable trial date at that time. The motion is GRANTED. A proposed order was lodged with the Court, which will be modified to conform to the Court’s final ruling. This matter is set for Status and for trial re-setting on **Monday, December 18, 2017 at 9:00 a.m. in Department 6.** The August 7, 2017, Mandatory Settlement conference and the September 12, 2017, trial date are **VACATED.**
